Subject Address: 6505 Erland Road in Santa Rosa, CA 95404
APN: 028-160-075 Permit: SEP17-0033

Dear Miss Carranza:

This letter is to inform you that I have checked the installation of the onsite sewage disposal system at the above address and find it to be in substantial conformance with the approved plan. The septic system was installed by Mike Clay from Altering Excavating (707-477-2337). The septic system will need an electrical inspection for the control panel by the building inspector. I recommend the septic permit be finalized when the electrical #189 is approved.

Respectfully,
